Welcome to the 6th Annual All Star Classic Shorthorn Sale. This sale has established itself as one of the best events in the breed to purchase top end Shorthorn genetics. The breeders continue to offer their best in quality and pedigree to meet the needs of an ever increasing demand. Shorthorn cattle have stood the test of time and breeders are focusing on what can be attained in the future.

We continue to add new breeders to the All Star Classic and are excited about the overall sale offering. The importance of adding top quality seedstock into your herd has not diminished, but only can increase your herd's value. We are offering a herdsire prospect, bred females, calendar year heifer calves, semen lots, transplant genetics and commercial heifers that will help you shape the future of your breeding program.

If you have any questions please contact any of the consignors, Kirk Seaborn or myself. If you are interested in adding these great genetics into your herd but are unable to attend the sale please contact any of the sale staff, livestock representatives or Don Savage Auctions and your order will be handled in a professional manner.

Yours truly,
 Don Savage

★★ *Herd Sire* ★★

Lot 1 - Newbiggon Dauntless 23D

1

Polled Red Bull Calf
NEWBIGGON DAUNTLESS 23D

March 10, 2016 GX 23D Applied for

DIAMOND BRAVEHEART 21B X-M477990-

PAINEARTH RAMA 53U X
HC FL SPARKLE DELIGHT 2X X

NEWBIGGON WINSOME SUSAN 3W X-F686576-

NORTHERN LEGEND 3N X
DIAMOND MYSTICAL SUSAN 30M

BW: 102

Consignor: NEWBIGGON SHORTHORNS - Calgary, AB

This calf has been a standout from day one and catches everyone's eye. We are very pleased with the Braveheart calves. His dam is a consistent producer and a maternal sister is also in the sale. A maternal brother Newbiggon Bazinga 18B is a herd sire at Hatfield Shorthorns in Manitoba. Dauntless should sire calves with both performance and eye appeal!

★★ *Powerful Bred Females* ★★

Lot 2 - Diamond Crimson Maid 12C

2

Polled Red Bred
DIAMOND CRIMSON MAID 12C

March 10, 2015 DAN 12C X-F693435-

DIAMOND REGAL LEGEND 4R X
DIAMOND KIMONA MAID 7K X

BW: 78

Consignor: DIAMOND SHORTHORNS, Okotoks, AB

Bred April 27, 2016 to Weebollabolla Theodore
P/E June 13 to August 30, 2016 Eionmor Piper 23Z
It is always difficult to part with a female with the potential of this heifer. Her pedigree is stacked with top producing females. Paintearth Boomer 58Y has been a successful herd bull at Paintearth and Diamond and is still seeing service at Gordon Turner Farms. Boomer is sired by the breed leading Saskvalley Ramrod 155R and has two full brothers working in purebred herds. His dam is from the prolific Lady Lomond cow family. On the dam's side of 12C are the Maid's that have been top end producers in our herd. Crimson Maid 12C had a light 78 lb birth weight and Theodore is a trait leader for birth weight and calving ease in Australia. Her Weebollabolla Theodore T85 calf could be a herd bull or great replacement female.

Lot 3 - Diamond Clipper Dottie 17C

3

Polled Roan Bred
DIAMOND CLIPPER DOTTIE 17C

March 15, 2015 DAN 17C X-F693437-

DIAMOND DOTTIE 49Y X-F689210-

DIAMOND PROPHECY 21P X
BUTTERFIELD DOTTIE 7P X

Consignor: DIAMOND SHORTHORNS - Okotoks, AB

Bred June 2 to Crooked Post Drover 28C
P/E June 2 to July 7, 2016 to Crooked Post Drover 28C
Here is a very attractive Dottie female by the Herbourne B Manitoba Gus 13Z sire. Her dam Diamond Dottie 49Y has been an outstanding producer and has a full sister to 17C this year. Another full sister sold to South Slope Shorthorns at Agribition. This heifer can be traced right back to Clipper by Billy born in 1845, a foundation cow in Amos Crickshanks Sittyton herd in Scotland. The Clipper's are still an influential cow family 170 years later. The Dottie's are always our stand out producers and we reluctantly part with 17C. This heifer is bred to Crooked Post Drover 28C a son of Crooked Post Stockman 4Z. Drover is out of the exceptional Waukaru Lassie 334 and is a herd sire at Hatfield Shorthorns. Drover had an 85 lb BW, a 800 WW and an 1130 lb yearling weight and is in the top half of the breed for all EPD traits.

4

DIAMOND MINNIE CARRIE 21C

White Bred

March 17, 2015 JD 21C F693466

HERBOURNE B MANITOBA GUS 13Z X-M476373-

DIAMOND MINNIE SEARLE 11S X

Consignor: DIAMOND SHORTHORNS
Jaimie & Praveen Chouhan - Okotoks, AB

AI April 27, 2016 to Coalpitt Creek Leader 6th
P/E June 13 to August 30, 2016 to Eionmor Piper 23Z

Diamond Minnie Carrie 21C is an excellent opportunity to acquire a powerful female from the highly productive Minnie cow family. 21C is a proven combination of genetics that have been constantly top producing front pasture cows. Carrie 21C is only being offered as a feature because we are retaining her outstanding two year old full sister, her dam and grandam, Diamond Minnie Searle 11S, who has been a successful donor for our program. She sells bred AI to Coalpitt Creek Leader 6th which should produce an excellent roan calf.

Lot 4 - Diamond Minnie Carrie 21C

5

DIAMOND CARING BARONESS 23C

Polled White Bred

March 19, 2015 JD 23C X-F693467

DIAMOND URBAN LEGEND 28U X
DIAMOND RAVISHING BARONESS 35R

Consignor: DIAMOND SHORTHORNS
Jaimie & Praveen Chouhan - Okotoks, AB

Bred May 15, 2016 to Diamond Lord Belmore 56B
P/E June 1 to July 7, 2016 to Crooked Post Drover 28C

Diamond Caring Baroness 23C is an excellent combination of great phenotype, and proven genetics. Her young dam has had one of the top calves every year in her production. 23C's first calf was a bull that was the first pick out of our pen. We are only able to reluctantly part with this potential brood matron as we are retaining her dam, and maternal sister. She should have an excellent Lord Belmore calf.

Lot 5 - Diamond Caring Baroness 23C

6

NEWBIGGON CLAUDIA SUSAN 19C

White Bred

March 16, 2015 GX 19C F693441

HERBOURNE B MANITOBA GUS 13Z X-M476373-

NEWBIGGON WINSOME SUSAN 3W X-F686576-

NORTHERN LEGEND 3N X
DIAMOND MYSTICAL SUSAN 30M

Consignor: NEWBIGGON SHORTHORNS - Calgary, AB

AI April 27, 2016 to Coalpitt Creek Leader 6th
P/E June 13 to August 30 to Eionmor Piper 23Z

Here is a high performance daughter of Herbourne B Manitoba Gus 13Z. She is a full sister to Newbiggon Bazinga 18B a herd bull at Monty Thomson's Hatfield Shorthorns in Manitoba. Her grand dam Diamond Mystical Susan 30M has 3 daughters in the Newbiggon herd as well as granddaughters. She is sold bred to the red polled calving ease bull Coalpitt Creek Leader 6th for an early calf. This should make for an interesting roan calf!

Lot 6 - Newbiggon Claudia Susan 19C

Lot 7 - Newbiggon Caitlin Susan 26C

Lot 8 - Diamond Anna 45A

Lot 9 - Sharom Caramel 11C

7

NEWBIGGON CAITLIN SUSAN 26C

Roan Bred

HERBOURNE B MANITOBA GUS 13Z X-M476373-

BIRDTAIL G GUS 1W X
HERBOURNE GINGER MAID 5W

NEWBIGGON YESSIREE SUSAN 30Y X-F689563-

NEWBIGGON JUMBO X
DIAMOND MYSTICAL SUSAN 30M

Consignor: NEWBIGGON SHORTHORNS - Calgary, AB

Bred May 16, 2016 to Diamond Lord Belmore 56B

P/E June 1 to July 7, 2016 to Crooked Post Drover 28C

We part with these bred heifers reluctantly as we are not in a position to expand our herd. Her dam is a consistent producer sired by Newbiggon Jumbo whose dam we imported from Australia in the early 70's at the same time we imported Mandalong Super Flag. Mandalong Roany 51st produced four breed leading herd sires including Jumbo, Newbiggon Supreme, Newbiggon Powerline and Newbiggon Super Star 1H. This heifer combines some of our successful old bloodlines with our current genetics. 26C should make someone an excellent brood cow.

8

DIAMOND ANNA 45A

Polled Red Bred

CIRCLE M GHOST RIDER 10G
DIAMOND FAIREST ANNA 28F X

Consignor: DIAMOND SHORTHORNS - Okotoks, AB

Bred May 10, 2016 to Diamond Lord Belmore 56B

P/E June 2 to August 30, 2016 to Diamond Country Act 34C

We offer this good young cow as a sale feature. Last year she raised a top Eionmor Piper 23Z heifer which we are keeping for a replacement. This year she was raising a good bull calf which we lost when he was 2 months of age no fault of 45A. She comes from a cow family with light birth weights and excellent udders and she is no exception. Her birth weight was 87, her sire was 80 lbs, her first calf unassisted at 82 lbs and her second unassisted at 90. Her sire was used with much success at Circle M Shorthorns. She sells bred to Diamond Lord Belmore 56B and this should be an excellent combination.

Lot 8 with her 2015 heifer calf

9

SHAROM CARAMEL 11C

Polled RWM Bred

March 4, 2015 STB 11C X-F693170

BW: 68

Consignor: SHAROM SHORTHORNS - Thorhild, AB

This is one of the calves off of Sharom Blizzard, a bull we used on heifers last year with great success. We are impressed with the calves style and growth. This beauty will be a great addition to anyone's herd. Her dam is a first calf heifer and did a wonderful job with her.

Consignor: SHAROM SHORTHORNS - Thorhild, AB

Vanessa has done it again! Diamond 61D is a carbon copy of her mother who is one of our best brood cows. This calf has tremendous potential to follow in her dam's footsteps. We have kept several daughters off of Six S Vanessa in our own herd. In the All Star Classic in 2014, Starbright Shorthorns took her half-sister home. This is the best white heifer on the farm this year and that says a lot since we did have several white calves.

SHAROM SUGAR BABY 148X

BW: 98

Consignor: SHAROM SHORTHORNS - Thorhild, AB

It seems that every year we end up picking a heifer from our Sugar cow family to be in the sale. We have several females in our herd from this cow family and more in the pasture this year. These calves will grow well and become good brood cows for a new herd. We have had good luck with her sire Eionmor Masterpiece 81A as he has produced many more calves like this one.

KENLENE ELIZABETH 21B X-F692291-

JSF PRESIDENT 59Z X*
BUTTERFIELD ELIZABETH 17R X

Consignor: STARBRIGHT SHORTHORNS - Bonnyville, AB

This showy heifer calf sired by Little Cedar Cabrera 24 out of a Kenlene Elizabeth heifer, will likely make a great junior show project. Her dam was shown successfully as a heifer and her grandam Butterfield Elizabeth 17R has definitely shown her worth in the show ring and in producing top quality show prospects. As Elizabeth 17 R is deceased I expect her genetics will only increase in value.

PAINEARTH WALTER 58W X
 STARBRIGHT WILMA 10W X

Consignor: STARBRIGHT SHORTHORNS - Bonnyville, AB

From the heart of our breeding program, the genetics behind this heifer just work. Eye appeal, temperament, good milk, easy keeping, and top producing brood cows trace back for generations on her pedigree. This sweet girl is only on offer because my herd carries a lot of her genetics. Her maternal half brother from dam was the first bull to leave the bull pen last year. I am confident she will go on to make a female you will be glad you purchased.

TWO EXPORTABLE GRADE I EMBRYOS

Consignor: HORSESHOE CREEK FARMS LTD. - Weyburn, SK

Lot 35 Embryo Sire - Bell M Foreman 30A

Combining the genetics of 77W and the 2015 Agribition Champion Bell M Foreman 30A was a no-brainer for us. They are two of the thickest, easiest fleshing individuals we have seen in a long time. As soon as this flush was completed, the remainder of the embryos were sold to England. We planned on implanting these embryos ourselves, but have had some excellent flushes using Foreman and we have decided to offer these in this sale. 77W has a moderate frame but is an absolute tank. She has a near perfect udder and has produced well in our herd. The resulting offspring will be 100% in the CSA closed herd book and we will guarantee at least 1 pregnancy at 70 days if an experienced embryo technician is used. These embryos are exportable to most countries.

Planned Mating

★ ★ Embryos ★ ★

Lot 36 Donor Dam - CYT Sparkle Girl 0166

Breeding Sparkle Girl to most any bull would result in a pretty good calf. Breeding her to Bluebook ensures something great! We think Sparkle Girl represents most everything most beef producers are looking for today. She is moderate framed, thick and like every Sparkle female we have ever produced, she is extremely easy fleshing. She is fertile with a tight trouble free udder and she milks well. Bluebook was our top selling bull in 2015 at \$32,000 and his first calves prove he is going to be a great sire as well. We will guarantee the buyer a minimum of 2 pregnancies at 70 days providing an experienced embryo technician is used. The resulting calves will be eligible for the Closed registry in Canada. These embryos are exportable to most countries.

- YouTube: Crooked Post Stockman 4Z 2015

Without doubt, this is the most prolific and dynamic sire that we've created or used at Crooked Post. He combats the antagonisms of the various breeding traits so very well. It's been said that when making a genetic selection for improvement you should only be concerned about making a significant change in one or two traits at a time. That said, Stockman seems to speed that process by being an improvement sire for calving ease, growth, udder, scrotal, foot and skeletal structure, fleshing and carcass qualities, de-horner, temperament, fertility and plain old eye appeal. His daughters are terrific, we've decided to retain all Stockman daughters this year; definitely the breeding platform from which we'll be moving forward with in the future. There's a lot of desirable genetic triggers that can be pulled here, Stockman sends a lot of lead downrange.

Consignor: DIAMOND SHORTHORNS - Okotoks, AB

Diamond Lord Belmore 56B is the result of the mating of one of the top producing bulls in Australia from the Belmore herd, The Grove Kookaburra W735, with the outstanding brood matron Butterfield Lady 13N. Lady 13N was produced in the famed Butterfield herd and has been an outstanding producer at Dixon Farms. She is the dam of the DF Godiva females that have produced

many outstanding animals including the Denver Champion BISS Element 79 370Z. Another daughter of 13N has founded the Lady family at Double Star Stock Farms. The Grove Kookaburra W735 is above breed average in 18 of 20 traits in the Australian herd book and a trait leader for 7 traits including gestation length, birth weight, milk, days to calving, carcass weight, eye muscle area and marbling. We had 19 two year old heifers by 12 different sires have calves this spring by 56B and they averaged 80.78 lbs (5 heifers ave. 78.4 and 14 bulls ave. 80.78) The heifer calves have the femininity and style one might expect from Butterfield Lady 13N grand daughters! Several sons will be heading into the bull pen. Diamond Lord Belmore 56B is currently in collection for Europe for The National Cattle Breeding Centre (Ireland). We were so excited with Lord Belmore's first calves we bred the majority of our cows to him this year.

Lord Belmore has been tested and is free for TH, PHA, DS and Myostatin.

5 BRED COMMERCIAL SHORTHORN HEIFERS

Get some Shorthorn advantage into your breeding program! These heifers are from the very top of the 2015 heifer calves, out of the long established herd of Alex & Helen Broadbent of Lac La Biche, AB. These bred shorthorn females are backed by 36 years of Shorthorn breeding experience, and will bring all the excellent shorthorn genetic traits to your herd. Fertility, mothering ability, milk production, temperament, longevity and hybrid vigor. This uniform package of five heifers are bred to an easy calving Red Angus bull for March/April calving. We were so impressed with Alex's mature cows, and their productivity with minimal pampering. It took a bit of convincing to get these girls out of his keeper pen to offer up for sale, but here they are for your herd advantage. Put these girls to work in your commercial herd.

I OPEN COMMERCIAL BLACK HEIFER

If it's a black hide you're looking for with the added bonus of everything a Shorthorn female has to offer, then this 50/50 Shorthorn Angus heifer is for you! Sired by our Glenford Turbo Shorthorn bull who left us an excellent group of calves this year.
