Welcome to the 7th Annual All Star Classic Shorthorn Sale. This sale has established itself as one of the best events in the breed to purchase top end Shorthorn genetics. The breeders continue to offer their best in quality and pedigree to meet the needs of an ever increasing demand. Shorthorn cattle have stood the test of time and breeders are focusing on what can be attained in the future.

We continue to add new breeders to the All Star Classic and are excited about the overall sale offering. The importance of adding top quality seedstock into your herd has not diminished, but only can increase your herd's value. We are offering a bred females, calendar year heifer calves, transplant genetics and commercial heifers that will help you shape the future of your breeding program.

If you have any questions please contact any of the consignors, Kirk Seaborn, Tom Barto or myself. If you are interested in adding these great genetics into your herd but are unable to attend the sale please contact any of the sale staff, livestock representatives or Don Savage Auctions and your order will be handled in a professional manner.

Yours truly,  
 Don Savage

### GENERAL INFORMATION

**TERMS OF SALE:** Are cash or cheques at par, payable to the clerks of the Sale on sale day. U S funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. Full payment shall constitute a final sale and then registration papers will be transferred.

**HEALTH:** All Sale cattle meet the Canadian Health standards. Foreign buyers are responsible for knowing the current Health standards of their country.

**GUARANTEE:** All Sale cattle are guaranteed under the terms and conditions of Sale as recommended by the Canadian Shorthorn Association.

**PHONE BIDS:** If you are unable to attend the Sale, but wish to make a purchase, please feel free to contact any of the sale staff, livestock representatives or Don Savage Auctions and your order will be handled in a professional manner.

**INSURANCE:** Ownership commences to the purchaser as soon as the animal is sold. Insurance agents will be present sale day to look after your insurance requirements.

Although every precaution will be taken to protect the safety and comfort of the buyers neither Don Savage Auctions nor the consignors assume any responsibility in these matters and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

**CROOKED POST SHORTHORNS – Rocky Mountain House, AB**

P/E: April 17, 2017 to May 28, 2017 to Saskvalley Curfew 41C

An attractive and expressive brood cow in the making. Her dam, Crooked Post Minnie 2A, is what we call an asset accumulator with her first calf being the high seller at the 2017 Cowman's Advantage Bull Sale and was drafted into the breeding program of Indiana's own, Waukaru Farms. Crooked Post Minnie 7D indexes 102 for marbling and 169 for backfat measure; extremely easy keeping.

**CROOKED POST SHORTHORNS – Rocky Mountain House, AB**

P/E: April 17, 2017 to May 28, 2017 to Saskvalley Curfew 41C

The last few breeding seasons we've teamed up with Gordon Turner from Blackie, Alberta and invested in a couple of outcross sire prospects that we've used selectively on a few females; Bell M Detail 130A in 2015 and Saskvalley Curfew 41C this year. We've retained a few Detail daughters and are certainly looking forward to their future. Through the development of some of his progeny we've checked off a few of the boxes relating to growth, structure, fertility and docility.

P/E: June 22, 2017 to August 4, 2017 to Diamond Down Under

Preg checked safe

A good young heifer by Diamond Lord Belmore 56B and out of a daughter of Diamond Zulu 3Z. She is a granddaughter of the great producing Diamond Minnie Searle 11S still producing in the herd. Zulu sold to Lonny Flack and Family, Oakview Shorthorns in Iowa where he has left some excellent offspring. We think 60D will make someone an excellent young brood cow.

A daughter of Diamond Braveheart 21B and from the good producing Baroness family. She has a great set of sires in her background, Paintearth Rama 53U, Saskvalley Pioneer 126P, Glenford Captain 39X and Alta Cedar Sherman 7S. She sells in calf to Diamond Dynamite 6D, a son of Diamond Lord Belmore 56B that we used before he sold to Scott Woodruff. We think Dynamite is one of the best bulls raised here.

Preg checked safe.

Lu 53D is one of the most docile females I've come across. Double Star Shorthorns imported her sire from the States giving an outcross to a number of Alberta pedigrees. Lu has performance, fleshing ability, and eye appeal. She should have an outstanding calf in early February by Diamond Dundee 26D. Dundee is a light birth weight (79 lbs.) son of Diamond Braveheart 21B.

Rose 66D is another heifer I had added to the program by Saskvalley Wholesale 114W. Rose has a undeniable amount of depth of body and spring of rib. She combines soundness and easy fleshing ability in a feminine package. Another paternal sister to Saskvalley Yesterday 116Y. 66D's grandsire, Saskvalley Ripper 260R also sired Saskvalley Task Force 105T a pacesetter sire in the US for Jungels, Bowman's and JDMC. This April heifer should be expected to calve at 24 months to Diamond Dynamite 6D, an outstanding Diamond Lord Belmore 56B son.

**Christy Van De Voorde - Meeting Creek, AB**

Bred: to Prospect Hill Detective  
Preg checked for late February - early March calf

Delphine goes back to one of our favorite brood cows in our herd the Sindy line that goes back to the Gar-lind Sindy 8S. Delphine walks out and strides very well, a very smooth made heifer. Delphine is bred to Prospect Hill Detective a grandson of Paintearth Rama. Her sire Eionmor Ideal has an amazing pedigree proving this heifer to do nothing but produce great calves with these bloodlines. Halter broke very quiet and been worked with by children all of the time. TH free

MURIDALE BUSTER 14K X  
DR ROYAL 20T X

**STARBRIGHT SHORTHORNS – Bonnyville, AB**

My all time favorite purchase is this heifer's dam. She is everything I think a Shorthorn cow should be: Broody, fleshy, showy, docile, mama cow, who is no stranger to the top of her show class. Her flashy 2017 heifer, sired by the very good Kenlene Cowboy bull, is just an April calf, but already you can see her natural fleshing ability. She will go on to do great things for her new owner. These heifers represent the first calf crop of the Cowboy bull, and they are all the same, male or female -showy and easy fleshing.

4 GRADE I EMBRYOS

**HORSESHOE CREEK FARMS LTD. - Weyburn, SK**

**Lot 45 Embryo Sire - Crooked Post Stockman 4Z**

Rene Dottie 72R was purchased from the Gar-Lind Near Dispersal, and since she arrived here, she has produced 6 bulls in a row. The first 5 of them have averaged \$5100 in our Sun Country sale. Her bull calf this year is another stand out and will be a feature bull in our 2018 sale. This cow represents most everything you want to see in a good beef cow. She is super sound made, apple smooth, has a great udder and is easy fleshing. Despite being 12 years old now, she has the udder of a cow half her age and she has lots of eye appeal. She gets noticed by everyone who tours our pastures. She is also from the famous Dottie tribe that has produced excellent genetics throughout Canada and the US as well as around the world.

When selecting a sire to use to flush 72R, the first one that came to mind was Crooked Post Stockman 4Z, the impressive herd sire at Crooked Post. This should be a match made in heaven! I am expecting some beautiful roan calves from this mating! ( She is pictured here at 12 years of age just prior to going to be flushed) This is an investment in your future more than just a purchase!

These embryos are exportable to most countries and sell with our standard minimum guarantee of 50% pregnancy rate at 70 days provided an experienced embryo technician is used. ( ie: we will guarantee a minimum of 2 pregnancies at 70 days from these 4 embryos).

**Lot 46 Donor Dam - HC Melba Niam 8T**

Embryo Package

**46**

**HC MELBA NIAM 8T  
X BELL M FOREMAN 30A**

4 GRADE I EMBRYOS

**HORSESHOE CREEK FARMS LTD. - Weyburn, SK**

**Lot 46 Embryo Sire - Bell M Foreman 30A**

A genetic combination of two outstanding beef animals. Melba Niam 8T is a daughter of Saskvalley Pioneer 126P and one of our all time favorite cows, HC Melba Niam 98H. 8T has produced several outstanding calves including two heifers that won their class at Agribition but she is also known as being the dam of Shady Lane Rockstar 9X, who was an Agribition Grand Champion bull. 8T is a model female with a moderate frame, great muscling and an excellent udder. She is well balanced and smooth. She is the kind of cow everyone wants to have their herd bull from. This mating with Bell M Foreman 30A should produce some exceptional offspring. Foreman was Grand Champion Bull at Agribition in 2014, but more importantly, he is one of the best commercially oriented bulls to be shown in many years. He is massive, thick and sound structured as well as being loose hided and soft made. These embryos could produce your next herd bull or a front pasture female for your herd.

These embryos are exportable to most countries and sell with our standard minimum guarantee of a 50% pregnancy rate at 70 days provided an experienced embryo technician is used.

*Commercial Shorthorn*

★ ★ Females ★ ★

**STARBRIGHT SHORTHORNS – Bonnyville, AB**

**11 BRED COMMERCIAL SHORTHORN HEIFERS**

A good solid group of commercial bred heifers offered for you here. Take advantage of these Shorthorn females who will bring milk, docility, and maternal strength into your commercial program. Shorthorn advantage genetics are increasingly being sought and bringing a premium in the commercial market, especially these types of quality females. Offered here, roans and reds, purebreds, and crossbreds.

Exposed to easy calving Red and Black Angus bulls beginning on June 10, 2017.

**CROOKED POST SHORTHORNS – Rocky Mountain House, AB**

**2 BRED COMMERCIAL SHORTHORN HEIFERS**

Crooked Post Shorthorns have consigned two high percentage Shorthorn heifers that fit right into the top of their program. They carry the same service as their bred heifers.

P/E: April 17, 2017 to May 28, 2017 to Saskvalley Curfew 41C

**CROOKED POST DROVER 28C X**

CROOKED POST STOCKMAN 4Z X  
WAUKARU LASSIE 334 X

**DIAMOND MINNIE BLOSSOM 43B X**

DIAMOND ZULU 3Z X  
DIAMOND MINNIE SEARLE 11S X

One of the first calves by Crooked Post Drover 28C, a son of Crooked Post Stockman 4Z and Waukaru Lassie 334. 28C is a herd sire at Hatfield Shorthorns in Manitoba. This calf is out of the same cow as our Lot 10 bred yearling Diamond Minnie Daffodil 60D and their dam 43B had a 318 calving interval between these two good heifers as 2 and 3 year old! With producers like Lassie 334 and Minnie Searle 11S 30E should make a top producer. One of Diamond Minnie Searle 11S daughters is a brood cow at Goldenview Fabricating.

*Thank You to Diamond Shorthorns  
for donating this top young female*
