 Website: www.donsavageauctions.com
 Email: don@donsavageauctions.com

Welcome to the Battle River 3rd Annual Shorthorn Bull & Female Sale. A very progressive group of Shorthorn breeders have joined together to showcase an excellent representation of what this breed can offer the beef industry. Both purebred and commercial breeders alike will be impressed with the quality of genetics on offer.

There will be an awesome set of 2-year-old bulls, breed leading yearling bulls and a select set of open purebred yearling heifers that will fit into any program. With cattle numbers low throughout North America there is not a better time to add the genetics that can offer you performance, carcass traits, calving ease and maternal traits. These added genetic traits will facilitate your ability to receive top dollars for your calves at weaning.

If you have any questions please contact any of the consignors, Ken Hehr, Kirk Seaborn or myself. If you are interested in adding these great genetics into your herd but are unable to attend the sale please contact any of the sale staff or Don Savage Auctions and your order will be handled in a professional manner.

Yours truly,
 Don Savage

ALL BULLS SEMEN TESTED

General Information

TERMS OF SALE: Are cash or cheques at par, payable to the clerks of the Sale on sale day. U S funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. Full payment shall constitute a final sale and then registration papers will be transferred.

HEALTH: All Sale cattle meet the Canadian Health standards. Foreign buyers are responsible for knowing the current Health standards of their country.

GUARANTEE: All Sale cattle are guaranteed under the terms and conditions of Sale as recommended by the Canadian Shorthorn Association.

PHONE BIDS: If you are unable to attend the Sale, but wish to make a purchase, please feel free to contact any of the sale staff, livestock representatives or Don Savage Auctions and your order will be handled in a professional manner.

INSURANCE: Ownership commences to the purchaser as soon as the animal is sold. Insurance agents will be present sale day to look after your insurance requirements.

Although every precaution will be taken to protect the safety and comfort of the buyers neither Don Savage Auctions nor the consignors assume any responsibility in these matters and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

3.5	2.4	31	49	8	23	3.9

Consignor: **CROOKED POST SHORTHORNS** - Rocky Mountain House, AB
The first Grissom 24T daughters were a pleasure to calve out. They are structured for calving ease, are level-headed strong mothers, plenty of milk, great udder structure; 'hands-free' calving! Tillerman is a long spined, smooth bodied, well muscled bull. He ranks among the top 5% for calving ease, weaning, yearling growth and milk production predictors.

Lot 4 - Crooked Post Tillerman 4Y

5 *Polled Red* CROOKED POST CASCADE 8Y

February 17, 2011 SLU 8Y X-475780

4.4	1.8	23	39	6	18	1.4

Consignor: **CROOKED POST SHORTHORNS** - Rocky Mountain House, AB
We recently were visited by Carla Wiese-Smith and Lucy Phillips, representing Belmore and Bundaleer Shorthorns in Australia. These two astute stockwomen were proud to observe the genetics here at Crooked Post representing these leading Shorthorn studs. Cascade 8Y is a full brother to CP Jackaroo 36X who serviced our heifers last year. Their dams are some of the finest females yielded from our Crooked Post Minnie Capri ET efforts.

Lot 5 - Crooked Post Cascade 8Y

6 *Polled Red* CROOKED POST MAHOGANY 10Y

February 18, 2011 SLU 10Y X-475723

CROOKED POST TAMARACK 17W X-M474508 WAUKARU GOLD MINE 2109 X

CE	BW	WW	YW	MILK	MW	MCE
2.6	2.4	31	53	6	21	3.1

Consignor: **CROOKED POST SHORTHORNS** - Rocky Mountain House, AB
An outstanding individual from his beginning; his dam is a really sweet first calved Belmore United Chief U21 daughter. We treasure our U21 daughters and Mahogany is one of the reasons why. Within the measured Shorthorn population, Mahogany 10Y easily ranks within the top 10% for calving ease, growth performances and milk production traits. He is massive in capacity, full of muscle and style.

Lot 6 - Crooked Post Mahogany 10Y

7 *Polled Red* CROOKED POST GLEANER 16Y

February 24, 2011 SLU 16Y X-475747

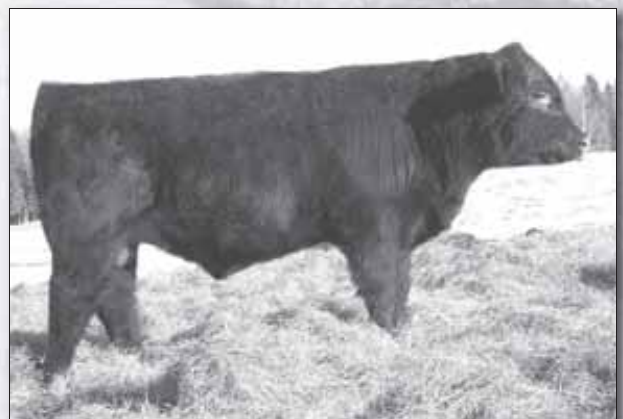

CROOKED POST GRISSOM 24T X-M472821 BYLAND GOLD SPEAR X

Consignor: **CROOKED POST SHORTHORNS** - Rocky Mountain House, AB
The Grissom sire is seeing service in 3 continents. In the latest Shorthorn Sire Appraisal Summary, he's a trait leader in six traits. When it comes to highly proven sires who carries calving ease, growth performance, fleshing ability, maternal and carcass traits, Crooked Post Grissom 24T stands among very few. Gauge's dam gave a great contribution to the All Star Classic sale last fall sending one daughter to Y Knot Shorthorns of Cochrane and another to Huron Grove of Ontario. Gauge ranks in the top 10% of the breed for all seven basic trait predictors.

Raised by one of our finest heifers and sired by Crooked Post Tamarack 17W. Tamarack saw service across our heifer group in 2010. We have had this last year to reflect and admire his calf crop since we sold him to Cedar Grove Shorthorns in Quebec; we should have collected him. Tamworth is a powerhouse yearling; he is full of dimension, ruggedly constructed and moves about like a champion.

Another great representative from our Hope family. A sister to Hope 58Y is owned by Heather Haydock with another sister being one of our top replacements, one that we have been asked to sell several times but just could not. We offer you Hope 58Y, before we get too attached to her. She has a bright future given the predictability and history in her immediate background and the qualities observed when you physically evaluate her. She ranks in the top 5% of the breed for all seven basic trait predictors and indexes over 105 for weaning weight against her contemporaries.

Consignor: **CROOKED POST SHORTHORNS** - Rocky Mountain House, AB
For a young heifer she is bold, smooth from the shoulders back and good outward turn to her ribcage, flat and angular in her joints and in turn is very fluid moving. Her sire is our Crooked Post Arbutus bull whom we used heavily for one season and he is now at work for Walter Jaschinski of Valleyview. Arbutus left us with a powerful set of females and bulls, this female could be his finest daughters to date.

Lot 43 - Crooked Post Hope 71Y

Bull Breeding Guarantee

All guarantees are between the buyer and the seller.

All bulls offered and sold, except calves at side, are guaranteed breeders irrespective of age. All bulls after reaching the age of 15 months must be capable of settling 7 head or 75% of the eligible normal healthy breeding age females he is running with for a 90 day period, whichever is the lesser.

No guarantee regarding the freezing ability of a bull's semen is made or implied in the sale of a bull unless covered specifically in a written contract.

In the case of a complaint regarding a bull's breeding guarantee the buyer wishes to enforce the provisions of the Code shall report the same in writing to the seller enclosing a report prepared by a licensed veterinarian within 6 months of purchase or the time the bull reaches the age of 15 months whichever occurs later. The bull shall be returned to the seller at the buyer's expense. The seller may replace the bull with a bull of equal quality or refund the purchaser's price of the bull or he may attempt to prove the bull a breeder under the terms of this clause within 6 months. If the bull is proven to be a breeder within the 6 months provided he shall be returned by the seller to the buyer and the buyer's expense. If he is not proven to be a breeder then replacement or at the option of a seller a refund is mandatory. Under no circumstances will a seller be liable for more than the purchase price of the animal sold.
