Phone: 403/948-3520 Fax: 403/948-2917
Website: www.donsavageauctions.com
Email: don@donsavageauctions.com

Welcome to the 1st Cowman's Advantage Shorthorn Bull & Female Sale. What a great response from the Alberta Shorthorn breeders in consigning to this their first association sponsored bull sale. It has been a privilege to have been "hands on" in the creation of this event. There have been many contacts made to encourage the breeders to be involved and I thank Tom Barto for his assistance.

This offering of Shorthorn genetics will be very diverse, magnifying the great strengths of the Shorthorn breed.

The sale will be made up of top quality two year old bulls, yearling bulls, and commercial open Shorthorn heifers. The kind that will add performance, milk, and all around traits that are demanded in the beef industry. The bonus that you will receive comes when selling your Shorthorn sired calves and adding the great replacement females into your breeding program.

If you have any questions please contact any of the consignors, or myself. If you are interested in adding these great genetics into your herd but are unable to attend the sale please contact any of the sale staff, livestock representatives or Don Savage Auctions and your order will be handled in a professional manner.

Yours truly,
 Don Savage

CROOKED POST SHORTHORNS - Kirk Seaborn

A set of figures that really set Drover 22B apart from the rest, his Minnie dam is a front runner in our charge for genetic progress. We've all read and heard the promotional phrases that include words like, 'the best' or 'the most' or 'the biggest' and we've admired the pieces of felt won at the show and the glossy ads that are meant to provide much insight into an animal's breeding potential. I would however like the figures illustrated here to represent real insight into the potential of this bull and of the generations that precede him as this is in fact what they are founded on.

Drover was used last breeding season to service on a group of commercial heifers; he's set to do the same this year.

2 *Polled Red* CROOKED POST JACKAROO 25B

March 21, 2014 SLU 25B X-M478030-

CROOKED POST SHORTHORNS - Kirk Seaborn

25B is a full brother to Crooked Post Stockman 4Z, a young sire that is attracting significant attention over the last 3 years. This powerhouse two year old 25B certainly patterns closely to his sire Belmore Jackaroo Z109 who is highly noted for his muscularity, maternal daughters and longevity. 25B indexed 107 in his group for meat yield scan as a yearling, the cow family behind the bull is rock solid reliable, his phenotype and ultrasound scan yell 'steak', his performance profile is proven to be curve bending calving ease with high growth performance. Whether you sell your calves in the fall, produce replacement breeding stock or you are going to feed out and hang beef, this sire prospect will go onward to promote returns in all areas.

CROOKED POST SHORTHORNS - Kirk Seaborn

The first son to be offered and the first calf to be born at Crooked Post from Yamburgan Tobermorey F90. We acquired the N. American semen rights on F90 from Manchee Ag in Australia two years ago, to date, our yearling heifers and sons by him are outstanding, and he will play a large role here in the years to come. F90 has established himself as being the top Shorthorn bull in Australia for Northern and Domestic Maternal strengths, his progeny are much more likely to maintain and perform well under forage based feed regimes, higher efficiency, low inputs, big returns, happy banker. F90 was the lead sire of the recent Manchee Ag. Bull Sale which saw 90 Shorthorn bulls clear at an average sale price of \$8800.

Bull Breeding Guarantee

All guarantees are between the buyer and the seller.

All bulls offered and sold, except calves at side, are guaranteed breeders irrespective of age. All bulls after reaching the age of 15 months must be capable of settling 7 head or 75% of the eligible normal healthy breeding age females he is running with for a 90 day period, whichever is the lesser.

No guarantee regarding the freezing ability of a bull's semen is made or implied in the sale of a bull unless covered specifically in a written contract.

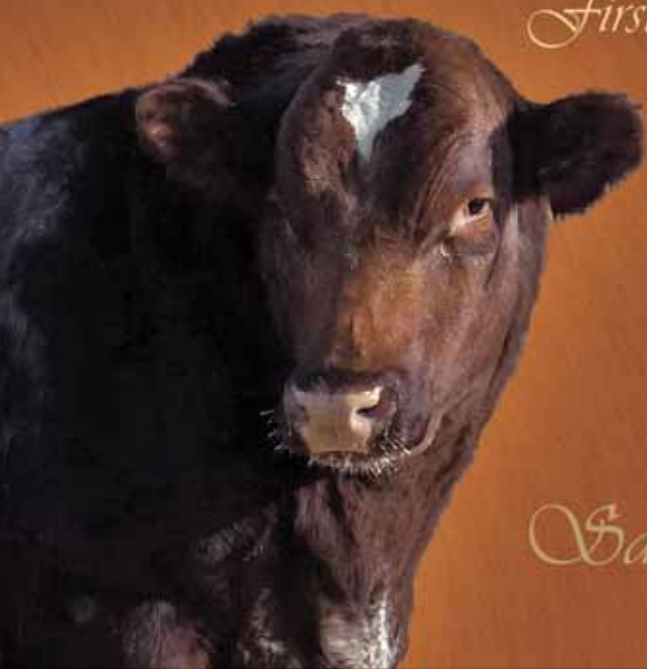

In the case of a complaint regarding a bull's breeding guarantee the buyer wishes to enforce the provisions of the Code shall report the same in writing to the seller enclosing a report prepared by a licensed veterinarian within 6 months of purchase or the time the bull reaches the age of 15 months whichever occurs later. The bull shall be returned to the seller at the buyer's expense. The seller may replace the bull with a bull of equal quality or refund the purchaser's price of the bull or he may attempt to prove the bull a breeder under the terms of this clause within 6 months. If the bull is proven to be a breeder within the 6 months provided he shall be returned by the seller to the buyer and the buyer's expense. If he is not proven to be a breeder then replacement or at the option of a seller a refund is mandatory. Under no circumstances will a seller be liable for more than the purchase price of the animal sold.
