Welcome to our 3rd Annual Bull & Female Sale.

First of all we would like to thank all our valued customers who have supported us in the past. We have been in the purebred business for the past 35 years and still continue to supply the beef industry with thick moderate framed sound bulls, developed for easy calving, easy fleshing, and have lots of hair and good scrotal development.

We believe that we have brought you a powerful set of working bulls that will improve your herd with increased performance, milk production and fertility, and your bottom line with more pounds per calf.

Also we have a nice set of productive and functional replacement females with strong maternal traits.

We are glad to have Karl Johnston join us again this year along with two new guest consignors: Trent and Colleen Beres, (Oak Hill Farms), Melville SK and Alan and Gail Richardson, Elm Creek, MB.

You are invited to join us for viewing of the cattle and lunch prior to the sale. If you have any questions please feel free to contact the consignors or Don Savage.

We look forward to seeing you

Sincerely,  
Larry and Ann Dimler

## AUCTIONEER AND SALE MANAGER'S WELCOME

Welcome to Dim Creek Farms and Guests 3rd Annual Bull & Female Sale. If you are looking for performance bulls, calving ease bulls, paternal trails or maternal traits to add into your cow herd these Gelbvieh and Charolais genetics are sure to accomplish all of that.

Larry and Ann Dimler, Dim Creek Farms, have been in the seed stock industry with their Charolais breeding program since the early years of the breed in North America. They were also very impressed with what the Gelbvieh breed has to offer the beef industry; so impressed that they added into their mixed farming program Gelbvieh to help meet the needs of their customers.

The sale offering consists of both powerful two-year-old bulls as well as a stout set of yearling bulls. Here are bulls that will meet the needs of the industry whether you are searching for the high performance sire or the calving ease bulls; the kind of bulls that will allow you to wean heavy calves in the fall, make top replacement females and thus the opportunity to increase your profitability.

This year's sale includes guest consignors Karl Johnston, Oak Hill Farms and Alan and Gail Richardson with some very stout bulls from excellent breeding programs. They have purchased some of the best and raised some of the best Gelbvieh genetics in the industry. You will be pointing your herd in the right direction when selecting your next herd sire at this sale.

If you have any questions about the bulls on offer please feel free to contact the consignors or myself. If you are interested in purchasing bulls on April 9, 2010 but are unable to be with us sale day, please contact Don Savage Auctions and your order will be handled in a professional manner.

Yours truly,  
Don Savage

## BULL BREEDING GUARANTEE

All guarantees are between the buyer and the seller.

All bulls offered and sold, except calves at side, are guaranteed breeders irrespective of age. All bulls after reaching the age of 15 months must be capable of settling 7 head or 75% of the eligible normal healthy breeding age females he is running with for a 90 day period, whichever is the lesser.

No guarantee regarding the freezing ability of a bull's semen is made or implied in the sale of a bull unless covered specifically in a written contract.

In the case of a complaint regarding a bull's breeding guarantee the buyer wishes to enforce the provisions of the Code shall report the same in writing to the seller enclosing a report prepared by a licensed veterinarian within 6 months of purchase or the time the bull reaches the age of 15 months whichever occurs later. The bull shall be returned to the seller at the buyer's expense. The seller may replace the bull with a bull of equal quality or refund the purchaser's price of the bull or he may attempt to prove the bull a breeder under the terms of this clause within 6 months. If the bull is proven to be a breeder within the 6 months provided he shall be returned by the seller to the buyer and the buyer's expense. If the bull is not proven to be a breeder then a replacement or, at the option of the seller, a refund is mandatory. Under no circumstances will a seller be liable for more than the purchase price of the animal sold.
