Welcome . . .

Welcome to our 7th Annual Bull Sale. It has been a very interesting year to say the least. We hope that one of these years in the very near future we will be getting the prices for our calves that the auctioneers have been telling us.

It is a difficult task to write a welcome each year without being somewhat repetitive. We are pleased with the bulls we have to offer this year. A first this year will be five two-year-old virgin bulls on offer. It will give you an idea what the yearlings in the sale will look like next year. Most of the bull we sell each year go to repeat buyers and almost everyone of them run commercial herds. Our goal in selecting bulls for you to purchase is worry free calving, strong maternal traits and lots of beef for the market; all within a moderate framed thick bodied cow. One of our new herd sires, Iron Horse, has certainly done most of this. His heifer calves look like they'll be super thick brood cows.

The bulls are not pushed but fed a ration that helps them develop to their potential and will let them stay in your herd for a good length of time. The bulls are being fed free choice grass hay and about 11 lbs. of grain which consists of 35% oats, 35% barley, lentils, and mill run for a 12.5% protein diet.

We are proud of our cow herd with a number of them receiving **Dam of Merit** and **Dam of Distinction** Awards. One fellow who went through the herd last year commented that it was the best uddered purebred herd he had ever seen.

We encourage our buyers to insure their purchases on sale day as we will maintain your bull free of charge until April 15th. If you would like to leave them longer we will do so at a charge of \$3/day. We will deliver your purchases within 250 miles free of charge, after that delivery will be for the cost of the fuel.

If you can not make the sale on March 13 at 1:00 p.m. we will be happy to make a selection for you and guarantee your satisfaction. This can be done by contacting either Don Savage or myself.

Warm and personal regards,
Duane Nelson

Auctioneer & Sale Manager's Welcome

Welcome to Nelson Gelbvieh's 7th Annual Bull Sale, one of the longest running breeding herds in North America.

Nelson Gelbvieh is in the heart of the ranching country of southern Alberta with the picturesque Rocky Mountains as a back drop. They raise their Gelbvieh seed stock the same way that the majority of their customers run their individual herds. These are ranch raised cattle that can get out and travel; they are not over fed but in the right condition to meet the demands that the terrain puts on them.

This year's sale offering includes genetics from new herd sires. In an attempt to bring fresh genetics to his customers, Duane has purchased, and is using some of the most exciting new sires in the industry. Their first sons are selling and I know you will be impressed.

If you are interested in purchasing bulls on March 13th but unable to be with us on sale day, please contact me and your order will be handled in a professional manner.

Yours truly,
Don Savage

NELSON GELBVIEH

7th Annual Bull Sale

Saturday, March 13, 2010 - 1:00 p.m.

Fort Macleod Auction
Fort Macleod, AB

Selling . . .

41 Herdsire Prospects

Black and Red Genetics
Two Year Old & Yearling Gelbvieh Bulls

GENERAL INFORMATION

TERMS OF SALE: Are cash or cheque at par, payable to the clerks of the Sale on sale day. U S funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. Full payment shall constitute a final sale and then registration papers will be transferred.

HEALTH: All Sale cattle meet the Canadian Health standards. Foreign buyers are responsible for knowing the current Health standards of their country.

GUARANTEE: All Sale cattle are guaranteed under the terms and conditions of Sale as recommended by the Canadian Gelbvieh Association.

MAIL BIDS: If you are unable to attend the Sale, but wish to make a purchase, please feel free to contact any of the Sales Staff or Don Savage Auctions and your order will be handled in a professional manner.

INSURANCE: Ownership commences to the purchaser as soon as the animal is sold. Insurance agents will be present sale day to look after your insurance requirements.

Although every precaution will be taken to protect the safety and comfort of the buyers neither Don Savage Auctions or the consignors assume any responsibility in these matters and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

SALE NOTES

NELSON GELBVIEH

TESTIMONIAL FROM . . .

REPEAT BUYER
FRED W. RICE

I have been using Duane's bulls for over 15 years. I like them because they are docile, moderate framed, have good feet, and have longevity. I have kept most of my replacement heifers from his bulls. They have done an excellent job for me and they have given me very consistent weaning weights. Over the years, I have been very pleased with his bulls. If there was ever a problem, he was very fair and quickly resolved the issue. I used to run straight Shorthorn cattle and wasn't getting all that much for the calves. Duane suggested crossing the cattle with Gelbvieh. The first cross heifer calves topped the market and they went to ranchers in the area buying them for replacements. Also the average weight on the steers were 100 pounds heavier.

*Fred W. Rice
Glenwood, Alberta*

BULL BREEDING GUARANTEE

All guarantees are between the buyer and the seller.

All bulls offered and sold, except calves at side, are guaranteed breeders irrespective of age. All bulls after reaching the age of 15 months must be capable of settling 7 head or 75% of the eligible normal healthy breeding age females he is running with for a 90 day period, whichever is the lesser.

No guarantee regarding the freezing ability of a bull's semen is made or implied in the sale of a bull unless covered specifically in a written contract.

In the case of a complaint regarding a bull's breeding guarantee the buyer wishes to enforce the provisions of the Code shall report the same in writing to the seller enclosing a report prepared by a licensed veterinarian within 6 months of purchase or the time the bull reaches the age of 15 months whichever occurs later. The bull shall be returned to the seller at the buyer's expense. The seller may replace the bull with a bull of equal quality or refund the purchaser's price of the bull or he may attempt to prove the bull a breeder under the terms of this clause within 6 months. If the bull is proven to be a breeder within the 6 months provided he shall be returned by the seller to the buyer and the buyer's expense. If he is not proven to be a breeder then replacement or at the option of a seller a refund is mandatory. Under no circumstances will a seller be liable for more than the purchase price of the animal sold.
