## Welcome...

Welcome to the 14th annual Saskatoon Gelbvieh Bull and Female Sale. With the beef business the strongest its ever been, what a great time to be in the business.

On offer this year is a very strong group of bulls and select open females. There is fresh genetics for our repeat buyers and the tried and proven genetics that consistently work year after year.

With the upswing in the cattle industry it has never been so important to bring in top end bulls that will at the end of the day make you more money. The bulls on offer are functional and sound and will add pounds at weaning, feed efficiency, and maternal strength.

New this year, the bulls and females will be sold by video and the sale broadcast via DLMS. The cattle will be on display prior to the sale at the sale location, Saskatoon Livestock Sales. We invite you to come early, evaluate the cattle, enjoy our hospitality, and have fun. We also invite you to view the bulls at our ranches any time prior to the sale.

Feel free to contact us any time with any of your questions. All the bulls will be semen tested and vet inspected prior to the sale.

See You There!

**General Information:**

**TERMS OF SALE:** Are cash or cheque at par, payable to the clerks of the Sale on sale day. U S funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. Full payment shall constitute a final sale and then registration papers will be transferred.

**HEALTH:** All Sale cattle meet the Canadian Health standards. Foreign buyers are responsible for knowing the current Health standards of their country.

**GUARANTEE:** All Sale cattle are guaranteed under the terms and conditions of Sale as recommended by the Canadian Gelbvieh Association.

**MAIL BIDS:** If you are unable to attend the Sale, but wish to make a purchase, please feel free to contact any of the Sales Staff or Don Savage Auctions and your order will be handled in a professional manner.

**INSURANCE:** Ownership commences to the purchaser as soon as the animal is sold. Insurance agents will be present sale day to look after your insurance requirements. We would suggest you buy full mortality and fertility insurance for your new bull. A fertile bull can lose the ability to settle cattle therefore, good management of your breeding bulls over all health is very important especially throughout the breeding season. Our warranties do not cover bull injuries or sickness not apparent on sale day.

Although every precaution will be taken to protect the safety and comfort of the buyers neither Don Savage Auctions or the consignors assume any responsibility in these matters and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

Welcome to the 14th Annual Saskatoon Gelbvieh Bull and Female Sale. It is a great time to be in the cattle business with beef prices being the highest ever recorded. Live cattle prices are being dedicated by the shortage of quality beef world wide. The better your programs genetics ,the better your returns will be.

The Saskatoon Gelbvieh Sale has for 14 years, since we started it, offered some of the best genetics available, through the use of top Gelbvieh sires and powerful maternal genetics in the cowherds. These present day breeders are adding to the top quality genetics that are helping you raise top dollar calves to satisfy the market place.

Please take the opportunity to visit with these folks prior to the sale. Be sure to visit [www.gelbviehworld.com](http://www.gelbviehworld.com) or [www.donsavageauctions.com](http://www.donsavageauctions.com) for more information. If you are interested in purchasing bulls or females on March 22nd, but are unable to be with us sale day, please contact me and your order will be handled in a professional manner.

Yours truly,

*Don Savage*

The only black Starbucks calf this year, and Jack Black 9A is a sleep all night heifer bull. If you are in the market for a black heifer bull, then you need to be in

Saskatoon on the 22nd to see this guy! He should have a halter hung on his head and drug to town, he is that pretty! He is one of the best we have produced at Stonegate, and we do expect great things from a cow who can do this in her first attempt and this year's model is on par with 9A. His mother has the perfect udder, and stems from one of the most productive cow families in recent times. They have produced their share of banner winners, but most importantly the cattle are highly functional and weigh heavy at all checkpoints.

Our first Balancer lot, and one we think you will easily find. He is a black 3/4 bull who will calve like a dream, and add a touch of Angus influence to smoothen things down a notch. He was mothered by one of our best, the original Paradee cow we acquired from my father in law. She has made a tremendous impact on our program, as well as several other purebred herds across Canada. If you would like to try something a little different, take the step and I promise you will not be disappointed!

Certainly one of the pen favorites this year, many cattlemen who have gone through the pen thus far have picked this calf out! His mother is a tremendous producer, and has always delivered. This calf has great hair, thickness, and will sire steer calves the neighbors will talk about at coffee. Not to be forgotten, you will want to keep all of his females as replacements. A very solid calf, who does everything well.

Where to start with this guy.....this calf is a result of the most anticipated flush we have ever had. You will find 37A to be extremely thick, and he certainly carries the most retail product of any calf this year! His mother has simply put, never missed. Avenger 37A will sire calves that have curve bending growth patterns, and females that I confidently say will rival the top end of any herd! Without a doubt, this is a herdsire prospect that will change a herd. He will moderate frame size, add natural thickness, and correct udders. Wave with confidence, as whatever the final bid it will be cheap I promise compared to the contribution Avenger will make wherever he calls home.

An incredibly smooth herdsire prospect, who is dark red and great haired! This is the first-fering of Starbuck's offspring, and Atomic is a great representative of what a blueblood pedigree should produce. Amazing cow family for SLC, V&V, and now Stonegate. If you desire to make females who will contribute, Atomic 36A should be on your list. His mother is an amazing producer, who will join the short list of donors at Stonegate this year. Longevity, consistency, and pounds...all key factors in profitability in this great industry. Atomic will certainly help to line your pocket book!

## BULL BREEDING GUARANTEE

- All guarantees are between the buyer and the seller.
- All bulls offered and sold, except calves at side, are guaranteed breeders irrespective of age. All bulls after reaching the age of 15 months must be capable of setting 7 head or 75% of the eligible normal healthy breeding age females he is running with for a 90 day period, whichever is the lesser.
- No guarantee regarding the freezing ability of a bull's semen is made or implied in the sale of a bull unless covered specifically in a written contract.
- In the case of a complaint regarding a bull's breeding guarantee the buyer wishes to enforce the provisions of the Code shall report the same in writing to the seller enclosing a report prepared by a licensed veterinarian within 6 months of purchase or the time the bull reaches the age of 15 months whichever occurs later. The bull shall be returned to the seller at the buyer's expense. The seller may replace the bull with a bull of equal quality or refund the purchaser's price of the bull or he may attempt to prove the bull a breeder under the terms of this clause within 6 months. If the bull is proven to be a breeder within the 6 months provided he shall be returned by the seller to the buyer and the buyer's expense. If he is not proven to be a breeder then replacement or at the option of a seller a refund is mandatory. Under no circumstances will a seller be liable for more than the purchase price of the animal sold.
