Welcome

On behalf of all of us at Twin Bridge Farms and the Okell and Ness families I would like to invite you to our first bull sale. We are all very driven to produce the best possible Gelbvieh genetics we can. In order to showcase these genetics and give every one of our customers the opportunity to buy from the top of our bull pens we decided to collaborate together and host this sale.

The new momentum in the cattle industry is just getting going and those with the best genetics are going to get the most benefit from it. The Gelbvieh breed has proven to have the traits to be profitable right from breeding to the rail. I am confident that the Gelbvieh bulls on offer March 19th will go out and produce those money making steers and productive females that us and our consignors strive to produce.

If you have any questions feel free to call myself, Dad, any of our consignors or Don Savage. The bulls can be viewed on March 18 and 19 at the Silver Sage Corral or any time prior at our farms.

We look forward to being your hosts and I hope to see you all there.

Sincerely,
Aaron Birch

Welcome to Twin Bridge Farms and Guests 1st Gelbvieh Bull Sale. The Birch family has been in the cattle industry for years in the Lomond area. They started adding top quality purebred Gelbvieh genetics; their purebred breed of choice. Every year they continue to add top quality females building a solid foundation herd. Now the Birch's have the basis for which to hold their 1st Bull Sale. They have also purchased and used top end-end Gelbvieh herdsires to advance their program.

Joining the Birch family in this sale are Jen-Ty Gelbvieh and Keriness Cattle Company. Don and Lorna Okell, Jen-Ty Gelbvieh, have maintained and selected for a strong and maternal cow herd. The results have been evident in their successful program which will be unveiled on March 19th. Keriness Cattle Company, Kert and Joe Ness, also have been developing a good purebred Gelbvieh and with the addition of their new herdsires that all cattlemen will be pleased with the results.

The bulls from these three breeding programs are stout, thick, good haired individuals that will add calving ease, performance and maternal traits into your cow herd. Gelbvieh cross cattle are in demand in the markets throughout North America. These genetics will increase your bottom dollar and add to your profitability.

If you have any questions please contact Ron, Aaron, Don, Kert, Joe or myself. If you are interested in purchasing individuals but are unable to attend the sale on March 19th please contact Don Savage Auctions and your order will be handled in a professional manner.

Yours truly,
Don Savage

GENERAL INFORMATION

Terms of Sale: Are cash or cheque at par, payable to the clerks of the Sale on sale day. U S funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. Full payment shall constitute a final sale and then registration papers will be transferred.

Health: All Sale cattle meet the Canadian Health standards. Foreign buyers are responsible for knowing the current Health standards of their country.

Guarantee: All Sale cattle are guaranteed under the terms and conditions of Sale as recommended by the Canadian Gelbvieh Association.

Mail Bids: If you are unable to attend the Sale, but wish to make a purchase, please feel free to contact any of the Sales Staff or Don Savage Auctions and your order will be handled in a professional manner.

Insurance: Ownership commences to the purchaser as soon as the animal is sold. Insurance agents will be present sale day to look after your insurance requirements.

Although every precaution will be taken to protect the safety and comfort of the buyers neither Don Savage Auctions or the consignors assume any responsibility in these matters and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

Here he is. The last Morgan/Pabst embryo bull calf we will sell. This combination has worked tremendously for us. It has produced a \$5000 bred heifer, a herd sire for us, two bulls still servicing cows at Lomond Grazing Association and some tremendous females that we have added to our program. This bull is as thick and deep as they come, a real meat machine. He is one of Gail's picks from the bull pen.

Express is an incredibly deep, thick sided herd sire prospect with a ton of dark red hair. His sire is really proving himself and producing some of the best calves of any of our herd or AI sires. His fancy good uttered dam is typical of the Spiderman daughters we have in our program. This bull has the balanced traits that we strive to produce in our bulls.

97	670		107 .18	2.0 .34	37 .26	65 .10	19 .9	38	-1.6 .27	100 .7	0.3 .4

Rocky is a real powerhouse. He has the thickness length and depth that the beef industry needs. This bull is a feature for our first sale. His sire has proven himself in both the show ring and by producing exceptional progeny. His dam has become a tremendous producer and goes back to one of our foundation full blood females. In fact the bull we chose to retain in our program this year is from Rocky's maternal sister.

Marksman is a fancy black bull with a heck of a pedigree. His sire is the 1998 Denver People's Choice Champion that has been proven to pass on his incredible genetics to his progeny. After seeing her previous production his dam was purchased from the Unger Land and Livestock Dispersal. One of her sons is an up and coming herd sire and I.P.E. Grand Champion Bull for Joe Ness. This bull has the potential to produce some incredibly productive offspring.

When we are selecting genetics and matings in our program this is the type of bull we are aiming to produce. Stout, deep, long and eye appeal to burn. He comes from what we think is the best black sire available for AI use. With limited amounts of Master Plan semen left this bull's genetics are even more valuable. His dam is also from one of our best cow families and is sired by Rally Lou who has done such an incredible job in our program. We were very pleased with the response we got from this calf at both Agribition and the Wish List Weekend last fall.

Top Gear is the type of bull that can go out and work in nearly any program. He is not extreme in any way but covers all the bases. His sire has worked very well for us as an AI sire and has produced some of our top females. His dam is also from one of our most predictable cow families that also produced SA 38Y.

Lot 9 - SA Birch's Top Gear 47Y

Buckshot is easily one of the top bulls we are offering this year. He is what a Gelbvieh bull should be and has herd sire written all over him. His overall power, stoutness and performance sets him apart. He is from some of the top outcross genetics in our program. Ricco has really impressed us with his first set of progeny and we are looking forward to what he will do for our program in the future. Buckshot's dam is one of our top up and coming females and also produced our Agribition sale heifer in 2010.

Check out the stretch from birth to weaning weight on this black bull. We have come to expect this from his Fearless sired dam. She was the first black female to enter our program and she has really proven herself. She already has a son working for our neighbours and friends Roy and Gaye Lucas and a daughter producing in our program. Timex is a bull that really covers all the bases and will produce some real profitable offspring.

Reboot is a fancy thick bull that has it all. From a modest birth weight he weaned off at the top. This is no surprise since he comes from the Disco cow family. His dam is an eye catching female that is nearly fault free, his grandam was a past Grand Champion 4-H Female and his great grandam is still going strong at 15 years of age. With the performance, calving ease and maternal strength of this bull he should make the awesome females the Gelbvieh breed is known for.

This is the type of bull we expect from Tiree. Structurally correct, great stretch from birth to weaning and eye appeal to burn. He comes from a cow family that was developed and excelled in the reputable Pandiana Farms program. His dam is from the female maker Spiderman that we regret not keeping more daughters from him before we lost the use of him to an injury.

Deluxe is an all around good bull with a lot to offer. Just like 126Y he comes from our Disco cow family that has produced many 4-H champions. If you take the time to compare all the Tiree sons we are offering you will rally appreciate the consistency and quality that they exhibit all the way through. We continue to use Tiree heavily on both cows and heifers with continuing success.

Every year we keep back a couple very balanced trait bulls as spares for either us or our customers. We understand how difficult it is to find good bulls part way through the breeding season so we make sure we have some good bulls like 18X and 96X to ensure our customers can get their cows bred. 18X really stood out as a yearling and has only improved with age. His dam is a beautiful female that is what we strive to produce.

Here is a thick long two year old that will be able to cover a lot of cows. The bonus to us not needing to use our spares last year is that we have some great two year olds to give our customers the chance to add these mature bulls to their programs. This bull's dam has never missed and his sire has produced some real money makers.

Once again we are excited to offer our buyers one of the best selection of yearling bulls. We have changed things up this year by offering these bulls in a sale instead of private treaty. With doing this we are still committed to give our buyers combined forces of quality and genetics, backed by an excellent cow herd.

All our bulls are moderate, thick-made with great dispositions. We hand feed them so they are very quiet. They are on about 13 lbs of bull ration and free choice of hay. All our bulls are treated with Cattle Master 4+VL5, Ultra Choice 8-way and Ivomec.

For any questions about Jen-Ty's bulls, or to view the bulls and cow herd please give us a call. We appreciate the confidence and trust many of you have given our program over the years and look forward to seeing you sale day.

We are very pleased to be invited by the Birch Family to be a part of their 1st Bull Sale. We really enjoy the Gelbvieh breed and the friendliness of all the people that we have met over the last 15 years.

We have a 50 head cow herd of Gelbvieh purebred females that are owned by us individual. Our common interest is raising good stout Gelbvieh cattle. The Ness guys make their rounds at the shows and sales and enjoy talking with old friends and making new ones.

BULL BREEDING GUARANTEE

All guarantees are between the buyer and the seller.

All bulls offered and sold, except calves at side, are guaranteed breeders irrespective of age. All bulls after reaching the age of 15 months must be capable of settling 7 head or 75% of the eligible normal healthy breeding age females he is running with for a 90 day period, whichever is the lesser.

No guarantee regarding the freezing ability of a bull's semen is made or implied in the sale of a bull unless covered specifically in a written contract.

In the case of a complaint regarding a bull's breeding guarantee the buyer wishes to enforce the provisions of the Code shall report the same in writing to the seller enclosing a report prepared by a licensed veterinarian within 6 months of purchase or the time the bull reaches the age of 15 months whichever occurs later. The bull shall be returned to the seller at the buyer's expense. The seller may replace the bull with a bull of equal quality or refund the purchaser's price of the bull or he may attempt to prove the bull a breeder under the terms of this clause within 6 months. If the bull is proven to be a breeder within the 6 months provided he shall be returned by the seller to the buyer and the buyer's expense. If he is not proven to be a breeder then replacement or, at the option of a seller, a refund is mandatory. Under no circumstances will a seller be liable for more than the purchase price of the animal sold.
