Fax: 403/548-6955
Email: vvfarms@xplornet.com

Welcome Gelbvieh Enthusiasts!

V & V Farms once again thank you for your interest in our production sale and hope you will be able to come out and view with confidence the top genetics we have to offer.

Our friends and neighbours from Towerview Ranch, Gary & Judy Pahl and family contribute predominately black genetics selected from their proven first class seed stock. Wayne & Ann Wikkerink and family of Pura Vida Farms Ltd., will be bringing the top end of their program. The females walking V & V's pasture not only stand out in the show ring but function extremely well under harsh Southern Alberta and Southern Saskatchewan conditions as the sales offerings will demonstrate. At this time V & V Farms have the largest herd in Canada of dark red Gelbvieh backed up by generations of dark red genetics. This dark red is a desirable trait that is becoming well sought-after by both purebred producers as well as breeders with progressive cross breeding programs.

The sale offering from our three ranches should have the widest genetic selection all in one location thanks to AI sires, exceptional walking bulls, and embryo transplants from some of the most elite dams in the industry. These sale offerings will positively influence the beef industry - seed stock producers and commercial cattlemen alike.

We at V & V still continue to have a strict herd health program. Bulls on offer will be semen tested as well as vaccinated for the prevention of foot rot. They have been on a grow ration of two thirds oats and one third barley which will add to their longevity.

Thank you to our loyal customers. We hope to see you for presale lunch and be sure to save a little time for some BS afterwards!

Sincerely,

V & V Farms

Vern, Vivienne Pancoast & Family

The Pahls

The Wikkerinks

Delivery: V & V Farms is offering free delivery after the sale on all of their cattle selling.

Parentage verifying: All yearling sale cattle will be parentage verified prior to the sale.

Welcome to the 9th Annual V & V Farms Gelbvieh Bull & Female Sale. I have had the opportunity to appraise the high quality of the sale offering and I am extremely impressed. This set of Gelbvieh seedstock could just be the best ever; right from the stout set of herd sire prospects on offer to the equally as good set of open yearling heifers. They are consistent in their make up and they have performance and structural correctness to boot.

Vern and Vivienne, along with their guest consignors Gary and Judy Pahl and Wayne and Anne Wikkerink continue to use breed leading sires in the industry and the results have been fantastic. These are the kind of genetics that will fit both the top end of commercial and purebred herds throughout the industry. These cattle will work in all environments.

V & V Farms and Guests respect all segments of the cattle industry as they continue to offer nothing but the best to their customer base. All yearling sale cattle are DNA parentage verified; all open heifers have been palpated and of course there will once again be free delivery after the sale.

As we all know there have been challenges and hurdles to jump in the beef industry over the past few years. The type of cattle we raise and take to market can help the bottom dollar, at the same time improving our herds for the future when markets will improve. The more we can do now to improve our product in the beef business will lay the foundation for the premiums the industry deserves in the near future.

If you have any questions about the cattle please contact the consignors or myself. If you are interested in purchasing bulls and females on March 19th, but are unable to be with us sale day, please contact me and your order will be handled in a professional manner.

Yours truly,
Don Savage

V&V Farms and Guests

9TH ANNUAL GELBIEH BULL & FEMALE SALE

Friday, March 19, 2010 - 1:00 p.m.

at the farm — Redcliff, Alberta

(West of Redcliff on Hwy #1, turn west on Hwy #524 Hays-Rolling Hills Hwy, 5 Km West,

ACCOMMODATION

Days Inn, Medicine Hat, AB 403/580-3297

- V&V Farms will continue to donate to the Canadian Gelbvieh Association by giving the proceeds of a selected heifer to be announced from the auctioneer's stand on sale day.
- V&V Farms will also give 10% off any females purchased by a Junior Gelbvieh member.

Come early join us for a complimentary lunch at 11:30 a.m. sale day.

General Information

Terms of Sale: Are cash or cheque at par, payable to the clerks of the Sale on sale day. U S funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. Full payment shall constitute a final sale and then registration papers will be transferred.

Health: All Sale cattle meet the Canadian Health standards. Foreign buyers are responsible for knowing the current Health standards of their country.

Guarantee: All Sale cattle are guaranteed under the terms and conditions of Sale as recommended by the Canadian Gelbvieh Association.

Mail Bids: If you are unable to attend the Sale, but wish to make a purchase, please feel free to contact any of the Sales Staff or Don Savage Auctions and your order will be handled in a professional manner.

Insurance: Ownership commences to the purchaser as soon as the animal is sold. Insurance agents will be present sale day to look after your insurance requirements.

Although every precaution will be taken to protect the safety and comfort of the buyers neither Don Savage Auctions or the consignors assume any responsibility in these matters and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

Bull Breeding Guarantee

All guarantees are between the buyer and the seller.

All bulls offered and sold, except calves at side, are guaranteed breeders irrespective of age. All bulls after reaching the age of 15 months must be capable of settling 7 head or 75% of the eligible normal healthy breeding age females he is running with for a 90 day period, whichever is the lesser.

No guarantee regarding the freezing ability of a bull's semen is made or implied in the sale of a bull unless covered specifically in a written contract.

In the case of a complaint regarding a bull's breeding guarantee the buyer wishes to enforce the provisions of the Code shall report the same in writing to the seller enclosing a report prepared by a licensed veterinarian within 6 months of purchase or the time the bull reaches the age of 15 months whichever occurs later. The bull shall be returned to the seller at the buyer's expense. The seller may replace the bull with a bull of equal quality or refund the purchaser's price of the bull or he may attempt to prove the bull a breeder under the terms of this clause within 6 months. If the bull is proven to be a breeder within the 6 months provided he shall be returned by the seller to the buyer and the buyer's expense. If he is not proven to be a breeder then replacement or at the option of a seller a refund is mandatory. Under no circumstances will a seller be liable for more than the purchase price of the animal sold.
