Gelbvieh Bull & Female Sale

*10th
Annual*

Friday, March 18, 2011 - 1:00 p.m.
at the farm - Redcliff, Alberta

V & V Farms

Box 37, Redcliff, Alberta TOJ 2P0
Phone: 403/548-6678
Fax: 403/548-6955
Email: vvfarms@xplornet.com

Welcome Gelbvieh Enthusiasts!

V & V Farms once again thank you for your interest in our production sale and hope you will be able to come out and view with confidence the top genetics we have to offer.

Our friends and neighbours from Towerview Ranch, Gary & Judy Pahl and family contribute predominately black genetics selected from their proven first class seed stock. The females walking V & V's pasture not only stand out in the show ring but function extremely well under harsh Southern Alberta and Southern Saskatchewan conditions as the sales offerings will demonstrate. At this time V & V Farms have the largest herd in Canada of dark red Gelbvieh backed up by generations of dark red genetics. This dark red is a desirable trait that is becoming well sought-after by both purebred producers as well as breeders with progressive cross breeding programs.

The sale offering from V&V Farms and Towerview Ranch should have the widest genetic selection all in one location thanks to AI sires, exceptional walking bulls, and embryo transplants from some of the most elite dams in the industry. These sale offerings will positively influence the beef industry - seed stock producers and commercial cattlemen alike.

We at V & V still continue to have a strict herd health program. Bulls on offer will be semen tested as well as vaccinated for the prevention of foot rot. They have been on a grow ration of two thirds oats and one third barley which will add to their longevity.

Thank you to our loyal customers. We hope to see you for presale lunch and be sure to save a little time for some BS afterwards!

Sincerely,

V&V Farms

Vern, Vivienne Pancoast & Family

The Pahls

Delivery: V&V Farms & Towerview Ranch
are offering free delivery after the sale.

Parentage verifying: All yearling sale cattle will be parentage verified prior to the sale.

Welcome to the 10th Annual V & V Farms Gelbvieh Bull & Female Sale . I have had the opportunity to appraise the high quality of the sale offering and I am extremely impressed. This set of Gelbvieh seedstock could just be the best ever; right from the stout set of herd sire prospects on offer to the equally as good set of open yearling heifers. They are consistent in their make up and they have performance and structural correctness to boot.

Vern and Vivienne, along with their guest consignors Gary and Judy Pahl continue to use breed leading sires in the industry and the results have been fantastic. These are the kind of genetics that will fit both the top end of commercial and purebred herds throughout the industry. These cattle will work in all environments.

V & V Farms and Towerview Ranch respect all segments of the cattle industry as they continue to offer nothing but the best to their customer base. All yearling sale cattle are DNA parentage verified; all open heifers have been palpated and of course there will once again be free delivery after the sale.

A much needed and timely upward price change has happened in the beef industry. As of last fall the market on commercial calves and cull animals has greatly increased, an increase that is sure to compound over the next few months. We will see cattle prices that have been unheard of in the cattle industry. With the cow herd numbers at their lowest in the past 60 years, now is the time to make your investment in good, solid genetics. The premiums will be reaped on your next calf crops.

If you have any questions about the cattle please contact the consignors or myself. If you are interested in purchasing bulls and females on March 18th, but are unable to be with us sale day, please contact me and your order will be handled in a professional manner.

Yours truly,
Don Savage

V&V Farms

10TH ANNUAL GELBIEH BULL & FEMALE SALE

Friday, March 18, 2011 - 1:00 p.m.

at the farm — Redcliff, Alberta
(West of Redcliff on Hwy #1, turn west on Hwy #524

Towerview Ranch

Towerview Ranch welcomes everyone to this year's spring bull sale.

With renewed optimism in the cattle industry, and solid slaughter prices, now is the time to move forward. Let us provide you with that new bull you so much need.

We raise our cattle to be sound, efficient and ranch ready. As always we will stand behind our cattle without question.

To our past and potential new customers we say "Thanks".

To Vern and Vivienne thank you for being great friends and allowing us the chance to sell our bulls alongside yours.

You will not be disappointed in the quality of cattle in this year's sale. Final sale day weights and scrotal measurements will be available on sale day.

Sincerely,
The Pahl Family
Towerview Ranch

Bull Breeding Guarantee

All guarantees are between the buyer and the seller.

All bulls offered and sold, except calves at side, are guaranteed breeders irrespective of age. All bulls after reaching the age of 15 months must be capable of settling 7 head or 75% of the eligible normal healthy breeding age females he is running with for a 90 day period, whichever is the lesser.

No guarantee regarding the freezing ability of a bull's semen is made or implied in the sale of a bull unless covered specifically in a written contract.

In the case of a complaint regarding a bull's breeding guarantee the buyer wishes to enforce the provisions of the Code shall report the same in writing to the seller enclosing a report prepared by a licensed veterinarian within 6 months of purchase or the time the bull reaches the age of 15 months whichever occurs later. The bull shall be returned to the seller at the buyer's expense. The seller may replace the bull with a bull of equal quality or refund the purchaser's price of the bull or he may attempt to prove the bull a breeder under the terms of this clause within 6 months. If the bull is proven to be a breeder within the 6 months provided he shall be returned by the seller to the buyer and the buyer's expense. If he is not proven to be a breeder then replacement or at the option of a seller a refund is mandatory. Under no circumstances will a seller be liable for more than the purchase price of the animal sold.
