AUCTIONEER & SALE MANAGERS WELCOME

Welcome to the 2010 Edition of the Wish List Sale sponsored by the Gelbvieh Association of Alberta/BC. This sale is rapidly becoming one of the great sources for Gelbvieh genetics and with such a large base of breeders consigning to this year's sale you will not be disappointed.

The breeders have allowed me to select right from the top end of their programs. They are prepared to set the pace with a very good set of cattle on offer. Selling this year is pick of the 2011 heifer calf crop, an outstanding group of bred females all bred to top sires and an awesome group of calendar year heifer calves. Here are the type of cattle that will compete down the road and will make excellent brood cows.

This is a fantastic weekend to get away from home, come to Olds, visit with old friends or make new friends. This is your opportunity to attend the annual meeting of the Gelbvieh Association of Alberta/BC. The cattle industry is in an upswing which is certainly appreciated by all of us in this business. They buying opportunities are this fall as all breeding cattle and seed stock will follow sharply upward in the years to come. There is a shortage of beef genetics and a great feed supply in most areas. Make the necessary decisions today to be prepared for the future.

Thank you to Twin Bridge Farms for supplying the 2010 donation heifer for the Gelbvieh Association of Alberta/BC. If you are unable to attend the Sale, but wish to make a purchase, please feel free to contact any of the Sales Staff or Don Savage Auctions and your order will be handled in a professional manner.

Sincerely,
 Don Savage

Consignor: Nelson Gelbvieh - Glenwood, AB

DDN Xtra Special's grand mother was purchased from the Winders in 2001. Every female she has raised has stayed in the herd. 0118X's mother's first calf weaned at 1060 lbs with a 3.29 lb ADG. Her calves weaning index have averaged 109. This gal is sired by one of the high selling bulls at V & V Sale in 2009. This heifer has been bred to be a great one.

Consignor: EYOT Valley Ranch - Millet, AB

EV Dam Good 6X is developing as the Fecho's expected. She is very thick and moderate. She has Humbug 72H breeding on both sides of her pedigree. After Humdinger was sold to Stone Gate Farms, EYOT missed him so much they bought a son back. 6X is a gal that should add thickness and performance into her off spring.

Consignor: EYOT Valley Ranch - Millet, AB

EV Foxy-X 13X is another gal that should be staying at the Fecho's. Her dam is a Dinger daughter who produced a home run last year with EV 45U and is doing the same with this year's calf. Foxy carries the EV Gem Dandy 72T pattern of flank, depth and easy keeping ability. The combination of Dinger and Dandy will make this young lady an awesome producer.
